By E. A. Maxwell : General Homogeneous Co-ordinates in Space of Three Dimensions syllabus for three year b absc general courses of studies in mathematics effective from the academic session 2005 2006 and onwards i

recommended recommended unified syllabus of unified syllabus of unified syllabus of mathematics mathematics for babsc classes for babsc classes General Homogeneous Co-ordinates in Space of Three Dimensions:

The purpose of this book is at once modest and ambitious namely to provide a short introduction to algebraic geometry in space of three dimensions to make clear its spirit and to prepare the way for deeper study This book will appeal to a reader who has read Maxwell s book on homogenous coordinates in a plane to which this stands as a second volume and is in the early stages of second year work at University It will also be suitable for a class reader who has rea
