**By Steven G. Krantz : A Guide to Topology (Dolciani Mathematical Expositions)** A Guide to Topology (Dolciani Mathematical Expositions):

A Guide to Topology is an introduction to basic topology It covers point set topology as well as Moore Smith convergence and function spaces It treats continuity compactness the separation axioms connectedness completeness the relative topology the quotient topology the product topology and all the other fundamental ideas of the subject The book is filled with examples and illustrations Graduate students studying for the qualifying exams will
