By Michael D. Resnik : Frege and the Philosophy of Mathematics ludwig wittgenstein later philosophy of mathematics mathematics was a central and constant preoccupation for ludwig wittgenstein 1889 1951 he started in philosophy of language those who use the term quot;philosophy of languagequot; typically use it to refer to work within the field of anglo american analytical philosophy and Frege and the Philosophy of Mathematics:

5 of 6 review helpful The Frege cult By Viktor Blasjo Few idols are more zealously worshipped by modern analytic philosophers than Frege It is an article of faith for this cult that Frege completely revolutionized the field of philosophy of mathematics by demolishing the naive views of his contemporaries and predecessors p 15 Their attempts to justify this extravagant claim fall woefully short of their bombastic rh Book by Resnik Michael D
