By Professor Ernest L. Lewis, Professor Emeritus John T. Mouw : The Use of Contrast Coefficients: Supplement to McNeil, Kelly, and McNeil, Testing Research Hypotheses Using Multiple Linear Regression The Use of Contrast Coefficients: Supplement to McNeil, Kelly, and McNeil, Testing Research Hypotheses Using Multiple Linear Regression:

In addition to providing a direct application of the approach of McNeil Kelly and McNeil Southern Illinois University Press 1975 Ernest L Lewis and John T Mouw update the practice of multiple regression analysis and thus enhance the use of this popular technique in applied research Written and organized for the learner this new work uses contrast coding procedures which provide means for research About the Author Ernest L Lewis is Associate Professor and Chairman and John T Mouw is Associate Professor Department of Guidance and Educational Psychology Southern Illinois University
