By Carlo Ciulla : On the Mathematics of the Sub-pixel Efficacy Region of the Interpolation Function: Sub-pixel Efficacy Region vol7 no3 may 2004 mathematical and natural sciences study on bilinear scheme and application to three dimensional convective equation itaru hataue and yosuke anatomy and human biology books and chapters catts o and zurr i the tissue culture and art project the semi living as agents of irony performance and On the Mathematics of the Sub-pixel Efficacy Region of the Interpolation Function: Sub-pixel Efficacy Region:

This research expands on previously published works and reinforces on the use a unifying theory for the improvement of the interpolation error Regardless of the degree or of the dimensionality the unifying theory is applicable to interpolation functions which embed the property of second order differentiability Bivariate linear two dimensional one dimensional quadratic and cubic B Splines cubic Lagrange and the trivariate linear three dimensional interpolation
