The papers collected in this volume represent the main body of research arising from the International Munich Centenary Conference in 2001 which commemorated the discovery of the famous Russell Paradox a hundred years ago. The 31 contributions and the introductory essay by the editor were, with two exceptions, all originally written for the volume. This is an important collection. The new research presented in this one book is roughly equivalent to a year's worth of articles in an important journal. The overall quality is impressive. Kevin C. Klement in *The Journal of Modern Logic* 12 (2007) 2008. This is a we
