By Christopher Francisco : COMMUTATIVE ALGEBRA 1 PROM (de Gruyter Proceedings in Mathematics)
de gruyter mathematics author de gruyter progress in commutative algebra 1 de gruyter proceedings in mathematics
approx x sandra spiroff associate professor commutative algebra finiteness and factorization de gruyter proceedings in
mathematics eds francisco COMMUTATIVE ALGEBRA 1 PROM (de Gruyter Proceedings in Mathematics):

This is the first of two volumes of a state of the art survey article collection which originates from three commutative algebra sessions at the 2009 Fall Southeastern American Mathematical Society Meeting at Florida Atlantic University. The articles reach into diverse areas of commutative algebra and build a bridge between Noetherian and non-Noetherian commutative algebra. These volumes present current trends in two of the most active areas of commutative algebra. About the Author: Christopher Francisco, Oklahoma State University, Stillwater, Oklahoma, USA; Lee C. Klingler, Florida Atlantic University, Boca Raton, Florida, USA; Sean M. Sather-Wagstaff, North Dakota State
