This volume grew out from the 4th MSJ SI international conference NONLINEAR DYNAMICS IN PARTIAL DIFFERENTIAL EQUATIONS held at Kyushu University Kyushu Japan September 12th 21st 2011 It consists of more than fifty peer reviewed articles which are survey and research papers by participants of the conference Nonlinear partial differential equations describing nonlinear dynamics are indispensable objects in many fields including technology and social science This About the Author Shin Ichiro Ei Hokkaido University Japan Shuichi Kawashima Kyushu University Japan Masato Kimura Kanazawa University Japan Tetsu Mizumachi Hiroshima University Japan
