THE EPISTEME REVIEWS Volume 4 includes papers based on the talks delivered at the international epiSTEME 4 conference held in 2011. These papers review recent researches and trends within three strands central to science, technology, and mathematics education. The first strand explores historical, philosophical, and socio-cultural studies of STME, such as the social nature of scientific knowledge and multi-science perspectives. The second strand reviews cognitive and About the Author Sugra Chunawala Meena Kharatmal Homi Bhabha Centre for Science Education Tata Institute of Fundamental Research Mumbai.
